Stage by Stage Academy is the performing arts school which has been based in the heart of Exeter since 1994. Our practical and progressive training prepares young performers to become confident all-rounders in singing, dancing and acting, either as a preparation for further vocational training, or simply for the fun of it!!!

Integral to the learning process are the full stage productions we mount, which allow for real on-stage experience for every single student. Our shows have garnered rave reviews in venues across the city, including 'Les Miserables', and 'West Side Story', as well as further afield, with 'The Company of Wolves' and 'Little Shop of Horrors' receiving 5-star acclaim at the Edinburgh Festival, and 'Children of Eden' proving a major hit in London's West End!
